POLICY GUIDELINES

- All prescription eyewear under this program must have permanently attached sideshields.
- Removal of sideshields is a violation of BNSF Safety Rule S 21.2
- Employee may request two pairs of glasses (one clear and one sunglass). If photochromic prescription lenses are selected, then only one pair of glass is provided. **Each pair of glasses ordered requires its own "claim form"**
- BNSF will not provide a spare pair of prescription eyewear.
- BNSF will not provide Plano lenses in prescription eyewear frames.
- BNSF will not provide prescription safety eyewear to employees that work only in the office environment.
- Employees whom have responsibilities working underneath equipment are required to wear tight fit eyewear with a head strap. Please see BNSF PPE Requirements for more details.
